### **Departmental Opportunities**

The Speech Assistant and Writing Assistant Programs hire students to work with others on writing assignments and offer suggestions on how students can improve their writing skills. Dr. Dann Pierce supervises the Speech Assistant Program. Students are paid by the hour.

Communication graduate students may have an opportunity to work as a research assistant for a faculty member. Students should indicate interest in a research assistant position to the Communication Studies Graduate Program Director. A research assistant can be paid by the hour or by the project.

Graduate students with speech team experience may serve also as an assistant to Dr. Bohn Lattin for the University Speech Team.
