Spring 2019 - Issue #4

On Campus Highlights

NEW COURSE OFFERING FOR FALL 2019!
JUNIOR AND SENIOR PRE-MED STUDENTS
CHECK IT OUT!

Are you Taking an Entrance Exam or Interviewing This Year?!
If you are taking any entrance exam or interviewing at a professional program in the next year please come and write your name on the calendar in Becca's Office (Buckley Center 216) once you register for the exam or have your interview date!

We want to cheer you on as you study and help you find other people who are working towards the same goals to connect with this year. We also want to celebrate with you when you're done - and we don't know when you're taking these tests or interviewing unless you let us know!

Today in the Know

Professional health programs will expect you to stay up to date with what is going on in the larger healthcare world.

Check out this week's "In the Know" article about the American Medical Association's reaction to the proposed Title X restrictions.

Test Prep Question of the Day

Today's Question comes from the MCAT: If the amount of acetylcholinesterase, an enzyme that breaks down acetylcholine, is increased, which of the following would likely be the result?

A. Weakness of muscle movements
B. Excessive pain or discomfort
C. Mood swings and mood instability
D. Auditory and visual hallucinations
